# SUNPORK

at the Commercial

Sunpork's journey began years ago, when three Aussie farmers, operating independently managed farms in the Darling Downs and South Burnett, recognised they had a shared passion and common goal.

Their commitment was clear - to safeguard the quality of their produce, ensuring that the pork reaching your tables is as fresh and flavourful as when it left the farm. Today, their collective efforts have transformed this commitment into reality, with farms strategically located across the eastern seaboard, delivering fresh Aussie pork directly to the market every day.

Boasting nearly a century of combined experience in pig farming, these farmers take immense pride in presenting the epitome of authentic Australian cuisine. Discover the essence of honest Australian food at its peak, nurtured by the expertise of these three seasoned individuals.
